Re: Connect America Fund, WC Docket No. 10-90

Dear Ms. Dortch,

West Wisconsin Telcom Cooperative, Inc. ("West Wisconsin"), Study Area Code 330971 hereby notifies the Federal Communications Commission ("FCC") and the Wireline Competition Bureau ("WCB") of changes that West Wisconsin made to its three previously filed FCC Form 477's. The changes described herein contributed to a significant reduction in the Alternate Connect America Model ("A-CAM") output 2.1 Report Numbers 4.1 and 4.2 illustrative results for several Incumbent Local Exchange Carriers ("ILECs") in Wisconsin.

The West Wisconsin's previously filed FCC Form 477 deployment reporting as of June 30, 2014, December 31, 2014 and June 30, 2015 had incorrectly included all census blocks of six (6) Wisconsin counties. The filed FCC Form 477s included thousands of census blocks, with FTTH deployment, that were outside of West Wisconsin's study area 330971. The error affected ten (10) neighboring ILEC A-CAM support results.

When West Wisconsin became aware of the reporting errors, they immediately submitted revised FCC Form 477s on December 31, 2015. The revisions now reflect only those census blocks which are within West Wisconsin's own study area boundary with FTTH deployment.

The Incumbent Local Exchange Carriers affected by the reporting error include:

<u>Company Name</u>	<u>Study Area</u>
Amery Telcom, Inc.	330842
Baldwin Telecom, Inc.	330846
Bloomer Telephone Company	330850
Chibardun Telephone Cooperative, Inc.	330861
Citizens Telephone Cooperative, Inc.	330863
Clear Lake Telephone Company, Inc.	330865
Hager Telecom, Inc.	330889
Nelson Communications Cooperative	330918
Somerset Telephone Company, Inc.	330951
Spring Valley Telephone Company, Inc.	330953

West Wisconsin respectfully requests that the WCB and the FCC produce another set of A-CAM results for the ten companies listed above and also for West Wisconsin to reflect the revisions to the revised West Wisconsin FCC Form 477 deployment files.

Without these corrections, the ten companies listed above and West Wisconsin will lose model based support based on incorrect data.

Sincerely,

Mark Stenseth, Chief Executive Officer
